Customer Advantage Plan

Customer Advantage Plan is Bell’s newest pay-as-you-fly plan. Based on hours of operation, the plan provides predictable maintenance cost for annual budgeting purposes, helps eliminate surprises caused by unexpected maintenance needs, and reduces the need to hold a costly inventory of spare parts.

The image contains information about different companies located in Ontario and Quebec, Canada, detailing their services, contact information, and capabilities. The text is structured in a way that makes it easy to read and understand, with each company's address, contact details, and service offerings clearly listed. The document also includes a service code legend at the bottom, which helps in identifying different types of services such as field maintenance, component repair, and rotor blade repair.
